

ONCE IN YOUR LIFETIME...

SHOOT THE YUKON

Come, be part of the first Annual "Yukon Shootle", a joint Yukon and Alaska Game and Fish Commission funded trip of a lifetime. Experience, explore and challenge the Yukon in a car that can drive you there in comfort and with the flick of a lever becomes a 16-foot, streamlined twin motor, induced motor boat as you splash into the mighty Yukon. Amphibious, a car and boat in one is the most effective, yet exciting way to take this fascinating trip. You'll be joined by a select handful of adventurous souls who like yourself want more than a vacation; they want a few weeks in the sun. Your Amphibious is available on either a rental purchase or owned purchase basis for the trip to Whitehorse, Yukon Territory where the excitement really begins... then into the Yukon for 10 days of the most unusual vacation adventure trip of your life. Each night you simply drive into the bank to set up camp and join your fellow anglers in supper, dancing, barbeques and complete camp cleanup. From Dawson City you drive out of the Yukon and proudly arrive Fairbanks, Alaska where the Alaska Centennial celebrations are in full swing. The trip of a lifetime, all in the car that goes every where.

On the Yukon at Whitehorse, and you're off... driving in it in the Amphibious.

Come Join the Fun!

Take home your Amphibious or drive it up on the bank, it's your choice in the Amphibious.

At the end of the road and the river if you go on from Dawson to Circle, Alaska.
